

Corporate Gift Matching

The companies listed below offer gift matching programs to their employees. Trips for Kids Marin is grateful to these businesses in Northern California and beyond, and to their employees who choose to provide financial support for our youth development programs.

Matching Gifts FAQs

1. My employer participates in a matching-gift program, but requires verification of my non-profit contribution. What kind of receipt will Trips for Kids Marin provide for my gift and what form do I use to request my employer's match?

Trips for Kids Marin sends a letter/email as soon as your gift is received. Bring a printed copy to your employer's Human Resources department and request their matching gift form.

2. If your employer requires verification of your gift from us on a form, please email the form to donorcare@tripsforkidsmarin.org. Many companies match gifts through online gift verification services like Benevity, YourCause, etc. for which no additional form will be needed.

Companies will match only the amount paid to Trips for Kids Marin, therefore, if you paid your pledge by installments, TFKM cannot verify your matching gift request until the pledge has been paid in full.

Sustaining donors should submit one request annually after they have made their final payment in the current calendar year. Further, companies will also only match the tax deductible amount of your contribution. TFKM will verify the tax deductible portion of your contribution.

If you have any questions, please email donorcare@tripsforkidsmarin.org.
